

ASSET REALTY GROUP

Claude Pro Website Rebuild — Urban Slate Design Prompt

PROJECT

Asset Realty Group (ARG) — Modern Real Estate Website Rebuild

SOURCE WEBSITE

<https://assetrealtygroup.in/>

OBJECTIVE

Rebuild the existing single-page website with the same business content, context and important information, but with a completely modern UI/UX, scalable architecture and a new Urban Slate visual identity.

CONTENT RULE

Use the current website as the source of truth. Do not invent awards, certifications, RERA numbers, experience, transaction counts, projects, clients, statistics or reviews.

BUSINESS CONTEXT

Real-estate consultancy serving Greater Noida West, Greater Noida, Noida, Ghaziabad and Delhi NCR. Retain the existing buying, selling, commercial property, plots/land, investment consultancy, home-loan assistance, documentation/registry and property-management context.

NEW COLOR PALETTE — PRIMARY

Slate #263238 — main brand color, headings, navigation and dark sections.

NEW COLOR PALETTE — SECONDARY

Steel Blue #607D8B — secondary UI, supporting surfaces and informational elements.

NEW COLOR PALETTE — ACCENT

Copper Orange #D97745 — primary CTA, active states, important highlights and selected icons. Use sparingly.

BACKGROUNDS

Soft Gray #F5F6F4 and White #FFFFFF. Borders #D9E0E3. Optional dark surface #17252B.

COLOR RATIO

Approx. 55% white/soft gray, 25% slate, 12% steel blue, 8% copper orange. Do NOT reuse the previous navy/gold palette.

DESIGN FEEL

Premium, contemporary and architectural. It should feel like a modern Indian property advisory brand, not a generic broker or WordPress template.

TYPOGRAPHY

Use Playfair Display or DM Serif Display for major headings, paired with Inter or Manrope for UI/body text.

TECH STACK

Next.js latest stable, TypeScript, React, Tailwind CSS, shadcn/ui where useful, Lucide icons, App Router, responsive design, SEO metadata, structured data, sitemap and robots.txt.

HEADER

Sticky premium header: ARG logo, About, Services, Properties, Areas We Serve, Gallery, Testimonials, FAQ, Contact, phone/WhatsApp and Enquire Now.

HERO

Premium NCR/Indian property image with “Your Property. Our Expertise.”, existing business context, Explore Properties and Talk to an Advisor CTAs, plus Buy/Sell/Rent/Invest property search with Type, Location and Budget.

TRUST

Use verified existing value propositions such as Verified Properties, Local Market Expertise, Transparent Process and End-to-End Support; do not invent statistics.

ABOUT

Modern split layout retaining ARG's existing positioning, NCR expertise, verified listings, transparent process and end-to-end support.

SERVICES

Retain: Residential Buying, Residential Selling, Commercial Property, Plots & Land, Investment Consultancy, Home Loan Assistance, Documentation & Registry and Property Management.

PROPERTY DISCOVERY

Make property discovery prominent with Residential, Commercial, Plots & Land and Investment tabs; cards should show image, verified badge, type, location, price, key details and View Details.

WHY ARG

Dark Slate section with Local Market Expertise, Verified Listings, Transparent Process, Residential & Commercial, End-to-End Support and Client-First Approach.

PROCESS

Understand Requirement → Shortlist Properties → Site Visits → Negotiate & Finalise → Documentation & Registry → Handover & Continued Support.

AREAS

Retain Greater Noida West, Noida, Greater Noida, Ghaziabad, Delhi NCR, Gaur City, Bisrakh, Techzone 4, Pratap Vihar and Sector 1–16 Greater Noida West; use a refined map visual.

INVESTMENT

Explain location analysis, pricing, rental potential, demand, resale potential, documentation and market trends. Never promise returns.

GALLERY

Modern gallery for Residential, Commercial, Interiors and Site Visits with optimized responsive images and accurate alt text.

TESTIMONIALS

Retain genuine existing testimonials where available. Never fabricate reviews.

FAQ

Retain relevant questions about service areas, verified properties, home loans, documentation, registry and site visits; use accessible accordion and FAQ schema.

CONTACT

High-conversion enquiry form with official existing contact details, Name, Phone, Interest, Location, Budget and Message, plus Talk to an Advisor, Call and WhatsApp actions.

FOOTER

Dark Slate footer with ARG identity, company description, quick links, services, contact information and only verified social links.

MOBILE

Design mobile independently: sticky Call/WhatsApp/Enquire actions, compact cards, swipeable gallery/testimonials, accessible FAQ and fast images.

ANIMATION

Subtle fade-up, image reveal, card hover and smooth transitions; avoid excessive parallax or performance-heavy effects.

SEO

Preserve real-estate search intent around Greater Noida West, Noida, Greater Noida, Ghaziabad and NCR. Add title, meta, canonical, OpenGraph, sitemap, robots and appropriate LocalBusiness/RealEstateAgent, FAQ and Breadcrumb schema without fabricated claims.

PERFORMANCE

Target Lighthouse Performance 90+, Accessibility 90+, Best Practices 90+ and SEO 95+. Optimize images, fonts, JS, LCP, CLS and INP.

ACCESSIBILITY

Semantic HTML, keyboard navigation, visible focus, labels, sufficient contrast, accessible navigation/accordions and correct alt text.

IMAGE STYLE

Premium Indian/NCR architecture, apartments, towers, commercial buildings, interiors and realistic site-visit imagery. Never imply generic stock imagery is an actual ARG listing.

COMPONENTS

Use reusable components such as SiteHeader, MobileMenu, HeroSection, PropertySearch, TrustStrip, AboutSection, ServiceGrid, PropertyCard, PropertyGrid, WhyArgSection, ProcessTimeline, AreasSection, InvestmentSection, Gallery, Testimonials, FaqAccordion, ContactSection, Footer, WhatsAppButton and MobileActionBar.

IMPLEMENTATION

Analyze current site → organize content → create design system → build header → hero/search → about → services → properties → Why ARG → process → areas → investment → gallery → testimonials → FAQ → contact → footer → mobile → SEO → performance → accessibility → final polish.

BEFORE CODING

First provide current-site analysis, sitemap, Urban Slate design system, typography, component architecture, desktop strategy and mobile strategy, then proceed directly to implementation.

FINAL QA

Test 1440px, 1280px, tablet, 414px, 390px and 360px. Check overflow, images, console errors, navigation, forms, phone/WhatsApp, property cards, FAQ, gallery, SEO, structured data, performance and accessibility.

CRITICAL COLOR INSTRUCTION

Do not reuse the old blue/gold or previous green/terracotta palettes. Urban Slate #263238 + Steel Blue #607D8B + Copper Orange #D97745 must be the new visual identity across navigation, hero, CTAs, cards, tabs, trust sections, forms, footer and mobile actions.

FINAL GOAL

Create a premium, modern Indian real-estate advisory platform that feels architectural, trustworthy, clean and conversion-focused, with a clearly different visual identity from the current website.
